

CIREX Si 019

Cleaner agent

SHAKE THOROUGHLY BEFORE USE

Description

Cirex Si 019 is a cleaning agent and a dewaxer for industrial use. Its primary use is for the cleaning of the moulds before any application and to dewax any released parts before they are painted.

Cirex Si 019 does not leave any trace on the support on which it has been applied

Its low release in the atmosphere allows the dissolution of the wax, grease and polyester, epoxy, PU resins residues when recent

Physical properties

- | | |
|-------------------|------------------------------|
| - Nature | solvent |
| - Aspect | clear liquid |
| - Density at 20°C | 0,8 |
| - Flashpoint | 23°C |
| - Life span | 3 years, in closed container |

Application

- Apply on the mould with a well soaked cloth and rub the dirt.
- Throw the dirty cloth
